and other tips and tools to teach kids who interrupt

Babies are born adorable, innocent and teachable, but they are also selfish because all they know is their own little world. If we fail, the rest of the world will tell us, and our children will be subject to a life of ridicule, isolation and despair. Guest Blog Post by Julia Cook As a school counselor, I often have children come to my office and expect me to wave my magic counselor wand and solve their problems. This is very similar to a derogatory or rude comment. Once a derogatory comes out of my mouth and goes into your ears, I can't retract. you must listen to 10 pull-ups (or sincere praise) to get back to where you were emotionally before putting on. One of the most valuable tools we can give children is the ability to connect and relate to others. Explain to your students that it is your job to help them grow to become the best they can be. Let students know that rudeness is a harmful learned behavior, and you can teach them to unlearn it! When you see a child acting rudely, go back to the list above and try to figure out why they are choosing to act that way. Without adults to guide them, they will never get out of this self-centered perspective and become rude children. Rudeness harms others by creating stress, eroding self-esteem, creating relationship problems and making life difficult. Many of her books can be used to teach children not to be rude, including the cell phone. My mouth is a volcano, teamwork is not my thing and I don't like sharing, and I want to do it my way! She likes to visit schools and talk to children; in fact, she has made more than 800 visits to the school! You can learn more on their website, www.juliacookonline.com Julia has written dozens of books that teach students to become problem solvers by He taught children to be educated is not a whole or nothing, but a continuous one. You need a To help a child realize that the world is full of other people, and other people have feelings. Having good social skills is necessary for school success. As a teacher ... You are your instructor coping for your students! Modeling of courtesy, they say no to rudeness and keep making a positive difference! Julia is recognized nationally as a winning author of the book of children and experts for parents. (I.E. If a child gets 3 poles in a day, he must get 30 congratulations to return to where he was ...!) Repeat that thoughts are private, but the behavior is public and the next time I think about giving a à € ø Poloque, pigeon again and screw its lid to your tight toothpaste tube! The most important skill we can teach the girls to help them have successful in life is the ability to get along with others in society. A niÀ ± ø Solo a single strategy towards courtesy will be better than the child! Start by establishing a zero tolerance for rudeness in your classroom. A good counselor, a good teacher, a good father gives the wand to the child and he taught him how hello. Rudity is a learned behavior. Make the students sign as the characters acted rudely and discuss why they may have chosen to act that way, if they knew they were being rude, and what they did to overcome their rudeness). Many times, if a child in a history book has a problem and learns to solve the problem, the reader can identify with the strategies used in the book and apply them in real life. I often tell children that "their thoughts are private, but behavior is public." He can think what he wants to think, but at the moment he goes his thoughts from his head through his words or the actions of him, they become public information.
